

Uni-Shape Parapet and Sill Mouldings

Domestic Application

Custom Designed Profiles

Commercial Application

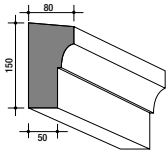

Uni-shape Parapet/Sill Mouldings - Overview

Uni-shape exterior profiles are made from a lightweight centre with a reinforced coating of pure resins and cementitious minerals. Lightweight, factory made and pre-cut guarantees shape exactness to be always the same to allow quick and easy application. Uni-Shape Window Mouldings come in a grey cement colour. They can be coloured and textured to suit on-site. Below are our standard shape mouldings. Unitex also provide custom-designed shapes to meet customer's needs.

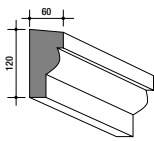

Window Sill

Profile N° 2071

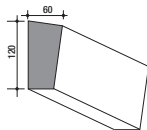

Uni-Shape Window Sill Profile
Length: 3.0 m

Profile N° 2072

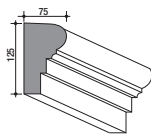

Uni-Shape Window Sill Profile
Length: 3.0 m

Profile N° 2074
